

Ventus GmbH (Ventus) is a Vienna, Austria based specialist insurance broker dealing exclusively with wind turbine extended warranty and other wind industry related insurance lines. Ventus can offer bespoke insurance solutions for a broad range of businesses from wind power generation industry as well financial institutions involved in financing of wind power generation.

OUR Services:

✦ **EXTENDED WARRANTY**

Ventus Insurance + Ventus Turbine Warranty Plus = YOU'LL HAVE TOTAL PROTECTION

Insurance protects you in case of an accident, but won't pay for mechanical breakdowns. Adding a Ventus Turbine Warranty Plus plan gives you additional protection against breakdowns and the cost and stress that comes with them. With Ventus Insurance + Ventus Turbine Warranty Plus, you truly have total protection.

✦ **TRANSIT INSURANCE**

All turbine components can be covered during transit. Transit Insurance Policy provides you with indemnity & financial protection for loss of or damage to your cargo during transit by sea, air and land.

✦ **DELAYED STARTUP**

Delayed Start Up insurance policy cover financial loss caused by an insured peril during the transit phase of the project (supplier's risk). Ventus can cover loss of Anticipated Gross Profit and Liquidated Damages incurred as a result of delay in project completion due to loss during transit.

✦ **LOSS OF REVENUE**

Financial loss caused by an insured peril during the operational phase of the project..

✦ **CONSTRUCTION INSURANCE**

Ventus can provide coverage during the construction phase of your project, including the testing and commissioning phase and early generation phase from physical damage to advanced loss of profits.

✦ **ADVANCED LOSS REVENUE**

Advanced Loss of Profit insurance policy cover financial loss caused by an insured peril during the construction phase of the project. This coverage pays for loss of Anticipated Gross Profit from the scheduled date up to the actual date of commercial operation.

✦ **OPERATIONAL INSURANCE**

All Risk cover is offered for the turbine once in operation. Our operational all risk coverage protects against unexpected events including weather, fire and mechanical and electrical break down events that may damage your property or ability to generate power.

✦ **LIABILITY INSURANCE**

We can provide liability cover for all project stages, tailored to fit the individual project being undertaken. Ventus provides a General Liability program that can be offered on a standalone basis or combined with our property coverage to provide a comprehensive, one stop solution on a competitive basis.
